What's the one sex toy Rikki Six can't live without? Her motorcycle. The big hog is like a gas-powered vibrator humming between Rikki's creamy thighs, and wherever the road takes her, her final stop is always dick. "Riding makes me so horny," the platinum blonde explains. "I end up fucking a lot of bikers because I get so horny on my bike. I fuck a lot of musicians, postal workers, and hot dog vendors, too...I fuck a lot." You can park in our driveway, Rikki. We'll put our banana in your tailpipe.

It happens right between the Tuesday morning managers' meeting and lunch hour. Tori grabs Taylor by the wrist and pulls her into the executive lounge. There's a bedroom in the back that's supposed to be for "corporate guests," but Tori uses it to fuck Alphonso from the mailroom. But Alphonso called out sick today. "I'm really horny and I need to present to the shareholders after lunch," Tori tells Taylor. "Can you help me get off? It's an emergency!" Taylor is a good friend and a dependable coworker who does whatever it takes to get the job done. In this case it takes two fingers, a wriggling tongue, and five minutes of intense pussy eating. Well done, Taylor! We have a raise for you...in our pants.

Vanessa Veracruz is a spicy tamale from South Of The Border. Vanessa how do you stay so thin and beautiful? "A strict diet of dick and pussy," Vanessa laughs. "Come to think of it, I guess I have a pretty varied menu!" Sounds like the perfect diet for any young lady, Vanessa. Maybe you should write a book or make an inspirational video. Call it, "My Lunch Is In Your Pants" or "Genitals For Breakfast." Mmm...now we're starving.

HIGH SOCIETY's ON THE SET OF...

WICKED FEATURE

BRAD ARMSTRONG'S DNA

ALL IMAGES COURTESY OF WICKED PICTURES

Wicked Pictures and Brad Armstrong bring you the futuristic tale of a company whose cutting edge technology is able to bring back loved ones who've passed away. Eager clients commission the "Carbons" who are then cloned from available DNA samples. The bereaved can now get the closure they've been searching for, or feel their lover's touch one last time. The clones are perfect in every way and business is booming. CEO Malcolm Moore **(Brad Armstrong)** and V.P. Lidia Kline **(jessica drake)** are elated, but things take a turn for the bizarre when one of the carbons, Kayla **(Asa Akira)** becomes aware of her former life and realizes Miles Dunn **(Small Hands)**, the man who had her brought back to life, is actually her killer. From there it's a game of cat and mouse with Kayla on the run and Miles quickly closing in. DNA is an erotic thriller packed with incredible performances and amazing visuals.

jessica drake, Abella Danger, Scarlet Red

In this first scene, we see a little bit of what goes on at Iterum including jessica meeting with a prospective client, Chanel Preston, who leaves some DNA for her loved one to be brought back. We also see a tense meeting with jessica and Brad where he is pretty specific on what he needs jessica to do at another meeting she's to go to later with Ryan Driller. This is the type of meeting where results are important to the continuation of their company, so she's dispatched with his words, some cash and two carbons so Ryan can see what he's being asked to support. At the meeting jessica quickly sees it's not going so well and moves first with the cash which doesn't sway Ryan, but when she mentions getting to take the two carbons out for a "test drive" his interest is peaked. And to make sure nothing is left to chance jessica joins in as well. The five stay relatively close so you see lots of moving around and fucking/touching each other. jessica does a DP early on and you see Abella's ass visited too. There is ass-to-mouth from Abella and soon after, the pops fly from Scarlet's mouth to Abella's with jessica there both times to help share the loads.

Chanel Preston

After another meeting with her boss, jessica goes to bring Chanel her clone of her husband, Tommy Gunn. We then see an interview between Brad, jessica and a reporter (India Summer) where we find out the history of the company and the loss of Brad's love. Meanwhile, back with Chanel and Tommy we find them kissing in the pool and from there they move to the bedroom where Chanel gives him a nice BJ. She then climbs on top of him for a sensual round of cowgirl. Chanel rests a bit next as Tommy takes the time to eat her out and then they go into missionary. From there Chanel gets on her knees to finish off in doggie until Tommy pulls out and cums on her tongue. Chanel and Tommy have some great chemistry here as well, making it all the more believable.

Abigail Mac and Vanessa Veracruz

Vanessa climbs on top of Abigail and they make out. They worship each other's bodies and Abigail dry humps her from behind. Abigail goes down on Vanessa and licks up and down her slit. Abigail uses the tongue and finger combo to get Vanessa off. Vanessa then eats out Abigail from behind. We don't blame her for diving into that ass! Abigail rides her face then she fucks her new friend with a glass toy.

Asa Akira

Asa Akira looks around the house for Small Hands and they make out. After he eats her pussy, Asa gets more turned on for him. A hornier Asa sucks his dick then she gets doggied by the determined man. His lust for her is shown well with his heated fucking delivery. Later on, he tugs on her choker while mishing her. Asa rides him and gets spooned by Small Hands through her ass. He is a pretty active humper and Asa's heavy breathing sounds primal. His combination of determined ass screwing and a tight snug grab of her pussy makes Asa feel so intensely well stuffed. In the end, he jacks off much cum in her receptive mouth.

Courtney Taylor, Cristi Ann

Later on in the movie Brad has a meeting with an investor and when we catch up with them they are already kissing. Next to them is Cristi Ann who starts out only watching until Brad starts going down on Courtney, at which point they kiss briefly and then start sucking him off together. Courtney then starts licking Cristi while Brad switches between fingering each of them. This leads to Cristi getting missionary—vaginal and anal—as Courtney plays with her at the same time. Courtney gets her first ride in cowgirl next as Cristi plays with her at the same time. There is even some standing action as Brad puts her back on the couch so that Cristi can lick her out. They then get back to some more sex, first in missionary and then reverse cowgirl anal. The scene finishes with Cristi riding in anal cowgirl before Brad pulls out and sprays cum on both sets of lips.

Asa Akira, jessica drake

After their personal conversation, Asa Akira and jessica drake have a hot girl-on-girl tryst. There is a good sexual energy between them. jessica manually rubs her partner's pussy in a circular motion and fingerfucks her nicely. The sight of these two beautiful women on the sofa is a huge turn-on. Then, Asa sucks jessica's juicy pussy. When she includes the fingerfucking action, jessica really gets off well. Then, Asa humps her with good amount of passionate desire. Next, some back and forth playful choking occurs before jessica fucks Asa with a toy and then, tongue fucks her. Her anal toy fuck is very hot and quite stroke worthy. Afterwards, jessica receives the toy action as Asa plugs jessica's asshole with it and fingerfucks her with good glee.

THE CAST OF WICKED PICTURES' *DNA*

PORN VALLEY, CA—YOU CAN ALWAYS RELY ON WICKED PICTURES TO RELEASE A BLOCKBUSTER PRODUCTION EVERY YEAR. THIS YEAR'S EPIC, *DNA*, IS NOT ONLY ANOTHER DIRECTORIAL ACHIEVEMENT FROM WICKED DIRECTOR BRAD ARMSTRONG, BUT IT'S VERY CLEAR HE HAS OUTDONE HIMSELF WITH THIS TALE OF RESURRECTING DECEASED LOVED ONES THROUGH AN AMAZING, CUTTING EDGE TECHNOLOGY, BUT ASKS THE MORAL QUESTION OF, "SHOULD WE TAMPER WITH NATURE AND THE CYCLE OF LIFE WITHOUT REALIZING THE CONSEQUENCES?"

HOWEVER YOU FEEL ABOUT CLONING, YOU CAN BET THAT WITH ARMSTRONG BEHIND THE CAMERA AND HIS TWO WICKED CONTRACT GIRLS ASA AKIRA AND JESSICA DRAKE, ALONG WITH A STELLAR CAST, THIS FILM WILL BE A WINNER. NOMINATED FOR A TOTAL OF 19 XBIZ AND AVN AWARDS, *DNA* WILL GO DOWN AS ONE OF THE STUDIO'S BEST RELEASES. IN THIS EXCLUSIVE INTERVIEW, ASA AND JESSICA DISCUSS THEIR CAREERS AT WICKED AND—ALONG WITH DNA CASTMATES SCARLET RED, COURTNEY TAYLOR AND CRISTIE ANN—GIVE US AN IN-DEPTH VIEW OF THE MAKING OF *DNA*.

HIGH SOCIETY: *How much have you enjoyed representing Wicked as their contract performer?*

Asa Akira: I've wanted to be a Wicked Girl since I first entered the porn industry. Even though it's been three years, it's still so surreal; the novelty has yet to wear off. The sets are big, lots of people working on a single movie, but very comfortable—they definitely have a familiar vibe to them. I love that I have so much say in what kind of scenes I'm shooting, and

ALL IMAGES COURTESY OF WICKED PICTURES

with whom. My contract allows plenty of time for me to work on other things as well, like writing and feature dancing. But the greatest thing of all is probably just being able to say, "I'm a Wicked Pictures Contract Star." Sometimes I say it over and over to myself as I eat pizza in the nude in front of a mirror.

jessica drake: It has been and continues to be the highlight of my adult career! In retrospect, it's by far the best decision I could have made professionally and personally. Because of Wicked, my life has changed so much. I've been encouraged to grow not only as a performer, but also as a writer, director, and sex educator. This has led to some truly incredible opportunities, travelling, and has enabled me to develop my personal brand alongside the top names in adult.

HS: *Can you talk about a memorable, non-adult/non-sex related Wicked event you were especially proud to be a part of?*

AA: Every year, jessica drake assembles a TeamWICKED for AIDSWalk LA. It's cool to be a part of something with such a huge impact on something so much bigger than just me.

jd: There are so many, but one that really stands out is our presence at the World Music Awards years ago in London. I was there with Kirsten Price, and we walked the red carpet in front of one of the biggest crowds ever. We also got to see Michael Jackson, Chris Brown (pre-Rihanna), Roberto Cavalli, and even Beyoncé—whose stage manager was proudly wearing his Wicked T shirt during her rehearsal. It was so big and so surreal—like most of my career!

HS: *What Wicked films that weren't big budget releases standout to you in your career?*

AA: I came into my contract straight from six years of shooting gonzo porn, so every Wicked production seems huge to me. If the set provides more than bottled water and baby wipes, it's officially big budget as far as I can tell. The most recent movie I did is always the one I think is best—I'm not sure what that says about me—and currently, that's *DNA* directed by Brad Armstrong. It stars me and jessica drake, which is always something I treasure because when the two of us are on a set, it's all jokes and laughter and fucking, and it gets very annoying for the others, and I'm always afraid that nobody will ever shoot us together again. I got to have sex with Small Hands for the first time and he is very, very good and I now like him lot. There are also some really intense acting scenes that I'm really proud of too.

jd: Not that any of our movies are small, but there have been some that weren't epic blockbusters that I really like—*Love Always*, starring me with Julia Ann, which I also wrote, *Sexpionage* featuring my first scene with Asa Akira, and recently, *Casual Encounters*, which pushed me as a performer and I loved it.

HS: *How do you feel Wicked stands out in terms of production value compared to the few other studios that also release big budget features?*
AA: I don't really even think there are any other companies right now shooting big budget features. I could be wrong.
jd: I love that we have consistently upheld our standards of high quality even when things got hard for everyone in the industry. I love that we have continued to stand behind our brand with the same commitment to excellence when many others took the easy way out, and I respect the decision made and upheld over 15 years ago to be condom-only. As far as our big budget features, I'd say that we have proven time and time again we have the recipe for success—our directors are the best in the business, the sex is intense, and the acting transcends what is expected from porn.

HS: *Of all the films you've starred in/directed for Wicked, which were the most challenging but in the end, you came away really enjoying the entire experience?*
jd: Honestly, all the big ones—*Speed*, *2040*, *Aftermath*, *FUCK*, *Craving*, *Manhunters*, *Underworld*, and especially *Fallen* (my ultimate all-time favorite). It's not easy to make a full-length feature movie in a limited amount of time while juggling dialogue, sex, action, stunts, wardrobe continuity, and just sheer physical exhaustion, but I've seen that usually the tougher it is, the happier I am with the finished product—and I'm exceptionally proud of everything I've done for Wicked so far.

HS: *Do you have any funny stories or anecdotes from the set?*
jd: While shooting *Supergirl* for Axel, during my scene with Ryan Driller and Van Wylde, the building across the street was under construction. Initially I was concerned about the noise being a problem for our sound, but then quickly realized that once they saw what was going on, I had over 25 workers clamoring to get to higher floors so that they could see the action. The exhibitionist in me loved every second of it. I made sure they got an eyeful.

HS: *Can you tell me about the experience of working on* DNA*? How epic is this project?*
AA: Even aside from the chance for two great sex scenes with two very awesome people, working on *DNA* was a lot of fun. I think shooting anything futuristic is a huge risk, one that very few directors can pull off, but Brad Armstrong most certainly did. As always, his script, art direction, and execution was an honor to take part in.
Scarlet Red: *DNA* was a sexual blast into the future! I explored the erotic art of both sexes in a non-stop science fiction orgy.
Courtney Taylor: Working on the set of *DNA* was absolutely amazing! I always love being on set for Wicked! This was my fourth Wicked feature movie and definitely one of my favorites. I loved that the script was so "outside the box." I thought bringing sci-fi into a porn movie was genius and I was honored to be a part of it!
Cristi Ann: It was really an amazing project to be a part of. Not only was the script really good, the props, and the settings, but everybody was on point with it. So it was really awesome to be a part of such a big, elaborate production with everybody's best interest at heart for it. Awesome editing, everything flowed really well; it was such a good script. It really had a nice drama to it.

HS: *Tell me about your roles in the film? How similar is the character to you in real life if at all?*
AA: Well I played a clone, so I hope my character wasn't too similar to the real life me. She's a really advanced clone, though. "She's not like the other clones" is literally a line out of the movie. She likes anal sex though, so perhaps we are more similar than I am giving her credit for.
SR: I was a clone or "Carbon," as we call them in the movie, and only last 72 hours. But my character will do anything you say or fulfill any sexual desire you have. Compared to the real world, Scarlet Red is quite different than a "Carbon". I show lots of emotion unlike my character. However, the "Carbon" is able to fulfill sexual desire for their partner, and Scarlet Red has some of that power.
CT: In the movie I play Brad Armstrong's escort and I end up having anal with Brad and Cristi Ann! It was a very intense and amazing scene! I have worked with Cristi previously in other scenes and I have known Brad for many years, so when it came to filming this it was "game on"—very hot and sexy.
CA: [*Laughs*] I may not have had any lines since I was just a clone, but a lot of it was . . . in my scene I had to act as a clone so I said, "Do I just space out?" and Brad said "Pretty much." [*Laughs*] So my role wasn't as big, but it was awesome to just be in it so I was very happy with everything. If anyone has seen it, it was a really intense, great sex scene. They wanted to show how clones are so lifelike, so human-like. They even got those tiny little characteristics. That's what makes clones different from androids or cyborgs, which are more robotic. It's something that came from something organic like a cell and mass-produced into a living, breathing person. We're clones from

people who passed away. Asa's character wasn't supposed to remember anything from the past, but she slowly does.
HS: *Were you involved in any way to helping develop the story for* DNA*?*
AA: I do know that Brad wrote the script with me in mind for the character of Mia. So this goes back to the previous question again, but I guess yeah, the character is a little bit based on me.
SR: I was not involved in the process of developing the story.

HS: *How intense was the shoot? Was this just as or more vigorous than previous Wicked big budget films?*
AA: I'd say just as vigorous, if not more, only because there is a scene where I had to walk across a patch of grass in open-toed sandals, which is something I hate more than anything.
SR: The shoot was very intense with lots of sexual juices, chemistry, and intimacy! I believe this film could be described as a more vigorous shoot—and there was a lot of truly "out of the box" creativity.

HS: *Who do you have sex with in the movie?*
AA: jessica drake and Small Hands. Jessica is an all time favorite of mine, and every time we have sex is even better than the last. Small Hands is someone I worked with for the first time and he was really, really great at sex.
SR: I have an orgy scene with jessica drake, Abella Danger, Eric Masterson, and Ryan Driller.
CA: I'm part of a threesome with Courtney Taylor and Brad Armstrong and he has anal with the both of us.

HS: *Do any of you have any funny stories to share from set?*
AA: In almost every movie jessica and I star in for Brad Armstrong, there is one line that sends us into a laugh attack, and it takes forever to get the scene shot. In this particular movie, it was when Brad's character calls himself a "prodigy." If you watch the table read on the bonus disc, you'll see us crying from laughter as Brad rolls his eyes at us.
SR: I can't recall any that stand out, but the entire shoot was "loads" of fun!
CT: Cristi Ann played a "non human-like robot" character that definitely added to the fun of our sex scene with Brad.

CA: The whole thing was just cool. So I was just really taking it all in at the moment. What was cool was everyone's passion towards this project to make it super high-end, to give it that nice futuristic sci-fi flare to it.

HS: *What are your favorite sci-fi films? Are you into geek culture and do you think* DNA *could appeal to sci-fi geeks?*
AA: I wouldn't say I'm necessarily into geek culture, but I do partake. *Black Mirror* is a great new show. I think Season 3 has been the best one so far. I love anything about dystopian futures and clones.
SR: I'm a *Star Wars* and **HS:** fan! I would definitely say I'm a geek at heart.
CT: I definitely hope millions of us sci-fi geeks jack off to this incredible movie that Wicked has made! It was an honor to be a part of it!
CA: I love science fiction. I love exploring, using my imagination. I really like science fiction because we're at this point in time where everything is changing rapidly. Technology is getting more impressive. Like, "What really is next for us?" It gives us a little glimpse into the future. It could happen. I could see that happening in the future, but how will it play out for humanity?

CASSANDRA
CALOGERA
PRIMAL
URGES

Porn superstar Cassandra Calogera is a breathtaking redhead with pale, creamy skin, and big, bouncy, all-natural tits that make your mouth water and your loins ache with a primal need that is so deep and so intense, it can drive even the most staid man mad with lust. "Lots of guys really do seem to go crazy for my tits," Cassandra says. "Two of my ex-boyfriends are in mental institutions and I have restraining orders against two more. Plus, the mailman jerks off on my mailbox every morning." Oh, that's us. Sorry, Cassandra!
